Explanation

(Use Additional Sheets of Attachments, if required)

This measure revises the provisions relating to certain hearings concerning pupils with disabilities. The Department of Education already adheres to the provisions of this measure with the exception of how it contracts for hearings officers. Currently, the Department has individual contracts with qualified hearings officers specializing in Special Education. This measure would require the Department to contract with the Department of Administration for those services. The Department does not see a fiscal impact to implement this change.
