Explanation

(Use Additional Sheets of Attachments, if required)

If enacted, it appears that this legislation would have no fiscal impact on the Nevada System of Higher Education (NSHE) or its institutions. The institutions indicate that their employees who are also active members of the National Guard or a reserve component of the Armed Forces of the United States tend to utilize 15 or fewer days of military leave per year. Additionally, the institutions have few employees with regular work schedules that include Saturdays or Sundays; therefore, the proposed legislation would have no fiscal impact.
