SB 454 makes several changes to statute for the State Controller to collect fines, fees, and restitution. Pages 9 and 15 of the bill refer to the Court Administrator who is to provide the State Controller information regarding the amount of fines, etc. We do not have that information for courts and thus would require new staff to adhere to the existing language. We believe the reference would be more appropriate to say clerk of the court who retains information on fines, etc.; therefore, we are offering an amendment to this legislation that would mitigate the fiscal impact to our budgets by changing the language from "Court Administrator" to "Clerk of the Court."
