Explanation

(Use Additional Sheets of Attachments, if required)

The State Public Charter School Authority (SPCSA) anticipates a fiscal impact if BDR 34-1090 is approved as submitted. No additional revenue is projected as a result of this bill; therefore all expenditures are proposed to be funded with existing revenue which would otherwise be part of the reserve category. The SPCSA currently uses services provided by the Department of Administration, Division of Human Resource Management. The identified projected impact is with the assumption Section 15.4 does not preclude the SPCSA from continuing with these services.
