(Use Additional Sheets of Attachments, if required)

BDR S-1207 Revises provisions relating to state financial administration; provide for the transfer of money in various accounts and funds for unrestricted State General Fund use to offset the difference between projected revenues and collections and to be used only as necessary to meet existing and future obligations of the State; authorize such transfers in provisions in existing law. Section 8 transfers funds from a disaster relief account administered by LCB with use recommendations from Division of Emergency Management, Homeland Security. As the bill is written the Department of Public Safety has determined that there is no fiscal impact.
