City/County: Churchill County Approved by: Eleanor Lockwood, County Manager Comment: As the majority of mining claims are on BLM land or are in a remote location, we can't see that the prohibitions in BDR 22-1097 will have much impact on Churchill County.

City/County: Clark County Approved by: David Dobrzynski, Assistant Director of Finance Comment: Section 1 of the Bill could have a substantial negative impact of indeterminate amount because it subjects the County to monetary damage claims if the County adopts an ordinance, regulation or plan that directly or incidentally "unreasonably restricts" an owner from using or performing work on a patented mining claim. The term "unreasonably restricts" is so broad that it fosters prospective litigation.

City/County: Washoe County Approved by: Liane Lee , Government Affairs Manager Comment: This bill implies that if a mining operation is prohibited then it constitutes a taking and the local government has to compensate (fiscally) the claim holder. The fiscal impacts to Washoe County could be significant but due to the uncertainty of the regulations it's impossible to know what those impacts would or could be.

City/County: White Pine County Approved by: Elizabeth Frances, Finance Director Comment: It is unclear the effect this may have on the County's ability to develop land that may be obtained through public land transfers from the Federal Government. Progress is being made on this and if the County is unable to develop the lands it will receive, this could restrict economic develop and result in serious adverse impact on the County.
