Start up Estimated Costs (Expense)		\$175,000	\$150,000	
Total	0	\$175,000	\$150,000	0

Explanation

(Use Additional Sheets of Attachments, if required)

SB111 as written will impact small counties with already shrinking budgets. Body Cameras are a great product and deserve to be considered and implemented by agencies when it fits the best public safety solution of each individual agency. Consideration should be given to add budget support to augment grants for the initial implementation of the cameras and support equipment, budget support for the maintenance of the cameras and also budget support for the required two additional full time staff employees needed to download and archive the tapes, Again, we urge you to consider the fiscal impact this will impose on small counties.
