AN ACT relating to energy; requiring the State Public Works Board of the State Public Works Division of the Department of Administration to conduct an evaluation on installing alternatives to window replacement before replacing windows in public buildings under certain circumstances; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

1 This bill requires the State Public Works Board of the State Public Works
2 Division of the Department of Administration to conduct an evaluation on the
3 feasibility of using alternatives to window replacement before the Board replaces
4 windows in a public building. This bill further requires the Board to use an
5 alternative to window replacement if the potential savings from use of the
6 alternative exceed the costs of the alternative. This bill exempts the Board from
7 performing such an evaluation before replacing windows in a state prison facility or
8 institution. This bill also requires the Board to obtain the approval of the Office of
9 Historic Preservation of the State Department of Conservation and Natural
10 Resources before using an alternative to window replacement in a public building
11 that is at least 50 years old.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN

1 **Section 1.** Chapter 701B of NRS is hereby amended by adding
2 thereto a new section to read as follows:

Division of the Department of Administration shall, except as otherwise provided in subsection 3, evaluate alternatives to window replacement, including, without limitation:

- (a) Weather stripping;*

An evaluation conducted pursuant to subsection 1 must include the cost of such alternatives to window replacements and potential savings from each alternative, including, without limitation, energy savings. If the State Public Works Board determines that the potential savings from the use of an alternative to window replacement exceed the costs of the alternative, the Board must use the alternative in lieu of window replacement.

3. The State Public Works Board is not required to conduct an evaluation pursuant to subsection 1 before replacing the windows in a state prison facility or institution.

4. A determination to use an alternative to window replacement pursuant to subsection 2 in a public building that is at least 50 years old must be approved by the Office of Historic Preservation of the State Department of Conservation and Natural Resources before the Board may use the alternative.
