AN ACT relating to water; authorizing the de minimus collection of precipitation for ~~domestic~~ nonpotable use and , under certain circumstances, to provide water to wildlife; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law requires that, subject to existing rights, the appropriation of any water in this State is subject to the provisions of chapter 533 of NRS, which, among other things, require any person seeking to appropriate water to obtain a permit to do so. (NRS 533.030, 533.325) **Section 1** of this bill provides that the de minimus collection of precipitation from the rooftop of a single-family dwelling for ~~domestic~~ nonpotable use or , under certain circumstances, in a guzzler to provide water to wildlife is exempted from the requirements of chapter 533 of NRS and thus may be collected without a water right or permit to appropriate water. **Sections 2-5** of this bill make conforming changes.
