AN ACT relating to hospitals; limiting the amount that a hospital may collect or attempt to collect from a patient or other responsible party under certain circumstances; establishing provisions relating to statutory liens on a judgment or settlement; requiring a hospital to provide notice of intent to file such a lien in certain circumstances; ~~providing for an award of damages for improperly asserting or perfecting such a lien;~~ and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law limits the collection rights of a hospital if a patient is covered by a policy of health insurance issued by a third party and the hospital has a contract with that party. The hospital may not collect or attempt to collect its charges from an insurer other than a health insurer, including an insurer that provides coverage under a policy of casualty or property insurance. These limitations currently do not apply to Medicaid, the Children's Health Insurance Program or any other public program which may pay all or part of the hospital bill. (NRS 449.758) **Section 2** of this bill limits the amount that the hospital may collect or attempt to collect from the patient or other responsible party to ~~(the lesser of: (1)) the amounts payable by or on behalf of the patient under the policy, ***1***; or (2) the amount provided in the contract between the hospital and the third party;~~ **Section 2** also deletes the specific reference to property insurance, ~~and removes the exemption for Medicaid, the Children's Health Insurance Program and other public programs.~~

**Section 2** additionally requires a hospital that collects or receives any payments from an insurer that provides medical payment coverage under a policy of casualty insurance to return to the patient ~~for the person identified in the hospital bill as the responsible party~~ any amount collected or received that is in excess of the deductible, copayment or coinsurance payable by or on behalf of the patient under the policy of health insurance not later than 30 days after a determination is made concerning coverage.

Existing law provides that a hospital has statutory liens for any amount due to the hospital for the reasonable value of the care rendered to an injured person. The liens apply to any award of damages or settlement obtained by the injured person or the personal representative of the injured person from a person responsible for the injury causing the hospitalization or, in the case of a county or district hospital, any real property of the injured person or other responsible party. (NRS 108.590, 108.662) Under **section 2.5** of this bill, if a hospital provides care to an injured person who has a policy of health insurance issued by a third party and the hospital has a contract with that party and wishes to be able to perfect a statutory lien

on a judgment or settlement, the hospital is required to send a notice of intent to file a lien to certain persons after the hospital submits a claim to the third party but not later than 90 days after the termination of the hospitalization of the injured person. ~~After the claim is accepted by the third party or, if the claim is denied, all available appeals have been exhausted, the hospital is required to mail written notice to the injured person or the personal representative of the injured person, specifying the amount due. Section 2.5 authorizes a hospital to perfect the statutory lien for any amount due if, within 30 days after such written notice is mailed, the amount due is not paid or an agreement for a payment plan is not entered into.~~ Within 30 days after sending such a notice, section 2.5 requires a hospital to proceed with any efforts to collect on any amount owed to the hospital in accordance with existing law. Section 2.5 additionally provides that if a hospital provides notice of intent to file a lien, the hospital must be provided notice of any judgment, settlement or compromise.

~~Section 2.7 of this bill provides that a statutory lien on a judgment or settlement is the exclusive method of collection against an injured person and any amount received pursuant to the lien constitutes complete satisfaction of any debt owed by the injured person to the hospital for the care provided.~~

~~Section 2.9 of this bill provides that if a hospital improperly asserts or perfects a statutory lien on a judgment or settlement, the injured person is entitled to damages equal to twice the amount of the lien.~~

~~Under section~~ Section 3.7 of this bill ~~if a hospital perfects a lien and subsequently receives information that the injured person has a policy of health insurance issued by a third party and the hospital has a contract with that party, the hospital is required to file a claim with the third party and wait for the claim to be adjudicated and all available appeals to be exhausted before the hospital is able to collect any amount under the lien.~~

~~Sections 2 and 4 of this bill limit the amount of a hospital's statutory liens in certain circumstances.~~ makes conforming changes.

Section 2.6 of this bill prohibits the hospital from collecting more than 55 percent of the charges billed by the hospital if the injured person may be eligible for Medicaid, the Children's Health Insurance Program or any other public program which may pay all or part of the bill.
