AN ACT relating to cemeteries; clarifying that a cemetery authority is not authorized to order the disinterment and removal of human remains from certain burial plots; requiring a governmental authority to make certain determinations before a cemetery authority may order the disinterment and removal of human remains; requiring a cemetery authority to prescribe a time for the removal and reinterment of human remains under certain circumstances; providing when a receptacle for reinterment will be deemed suitable; authorizing certain persons to maintain an action to require ~~to~~ certain cemetery ~~owner~~ owners to keep the cemetery in an orderly condition; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law authorizes the cemetery authority to order the disinterment and removal of all human remains interred in all or any part of a cemetery if either the cemetery authority or a governmental authority determines that the further maintenance of all or any part of the cemetery as a burial place is not in accordance with the health, safety, comfort or welfare of the public. (NRS 451.070) **Section 1** of this bill clarifies that a cemetery authority may not: (1) order the disinterment and removal of remains from a burial plot that is owned in fee simple by a person other than the cemetery authority; or (2) sell, mortgage or encumber or order the sale, mortgage or encumbrance of such a burial plot. **Section 4** of this bill removes the authority of a cemetery authority to determine unilaterally that the further maintenance of all or any part of the cemetery as a burial place is not in accordance with the health, safety, comfort or welfare of the public. Before the cemetery authority may order the disinterment and removal of human remains, **section 4** requires the governmental authority to determine, in addition, that: (1) the cemetery authority cannot restore the cemetery to a proper operating condition; and (2) the cemetery authority cannot sell or lease the cemetery to or enter into a contract with another cemetery authority that will properly maintain the cemetery.

Existing law requires a cemetery authority that orders the disinterment and removal of remains under the circumstances described above to: (1) prescribe a reasonable time of not less than 1 year after which the cemetery authority may proceed to remove the remains and reinter them in another cemetery or deposit them in a memorial mausoleum or columbarium; and (2) reinter the remains of each person in a separate and suitable receptacle. (NRS 451.080, 451.270) **Section 5** of this bill clarifies that the statutory period begins when the cemetery authority orders disinterment and that, after the expiration of that period, the cemetery authority may proceed to remove and reinter or deposit the remains. **Section 5** also clarifies that these provisions apply if the cemetery authority plans to reinter the remains in another portion of the existing cemetery. **Section 6** of this bill requires remains to be reinterred within 1 year after the date on which they are disinterred. **Section 6** also deems a receptacle to be suitable if it meets certain conditions.

Existing law requires the owner of a cemetery to keep the cemetery in an orderly condition. (NRS 452.030) **Section 7** of this bill authorizes the district attorney of the county in which the cemetery is located or a relative of any person interred in the cemetery to maintain an action in a court of competent jurisdiction to enforce that requirement. Under section 7, such an action may not be brought against a cemetery owned by a city or county. **Section 7** authorizes a court, upon finding that the owner of a cemetery that is not owned by a city or county has not complied with that requirement, to: (1) order the owner to take any action necessary to bring the cemetery into an orderly condition; or (2) if the court also determines that continued ownership of the cemetery by the owner is not in accordance with the health, safety, comfort or welfare of the public, transfer title to the cemetery to the city or county in which the cemetery is located. if the city or county accepts such transfer of title. **Section 7** also requires a city or county to which title to a cemetery is transferred to operate or provide for the operation of the cemetery.
