EXPLANATION – Matter in ***bolded italics*** is new; matter between brackets **[omitted material]** is material to be omitted.

AN ACT relating to mental health; revising the definition of the term “mental illness” for purposes of provisions relating to criminal procedure, mental health and intellectual disabilities; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law defines the term “mental illness” for purposes of provisions relating to criminal procedure, mental health and intellectual disabilities to mean a clinically significant disorder of thought, mood, perception, orientation, memory or behavior which: (1) is listed in certain diagnostic manuals; and (2) seriously limits the capacity of a person to function in the primary aspects of daily living. (NRS 176A.045, 433.164, 435.007) This bill revises the definition to: (1) eliminate references to **specific sections of** those diagnostic manuals; and (2) **provide that the disorder must result in functional impairment that significantly interferes with or limits one or more life activities or daily living skills; exclude certain other mental disorders that result in diminished capacity.**

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:
