AN ACT relating to public welfare; revising provisions governing background checks of operators, employees and certain adult residents of a child care facility; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law requires the Division of Public and Behavioral Health of the Department of Health and Human Services to identify, as part of a background check, whether an applicant for a license to operate a child care facility, an employee of the facility, ~~or~~ certain adult residents of the facility **or a participant in an outdoor youth program** have been convicted of certain offenses. (NRS 432A.170) A person who has been convicted of any of the listed offenses must not be issued a license to operate a child care facility or, in the case of employees, ~~or~~ residents of the facility **or participants**, must be terminated or removed from the facility. **or program**. (NRS 432A.160, 432A.1755)

The federal Child Care and Development Block Grant Act of 2014 prohibits child care facilities from employing persons convicted of certain additional offenses. **unless a review process is established by the State that allows the State to determine whether a person convicted of such crimes may continue to be eligible for employment at a child care facility.** (42 U.S.C. **§ 9858(f)(3)** **§§ 9858f(c), 9858f(e)**) This bill adds those offenses to align Nevada law with federal standards.

**In addition, this bill authorizes the Division of Public and Behavioral Health to adopt regulations to establish a process to review evidence upon request to determine whether an employee or resident of a child care facility or certain participants in an outdoor youth program may remain employed, continue to reside or participate in the program, as applicable, despite such a conviction.**
