BDR 54-963 (SB372) section 16 requires each applicant for a license to practice medicine, to practice as a perfusionist, to practice as a collaborative physician, to practice as a physician assistant or to practice respiratory care shall submit to the Board a complete set of fingerprints and written permission authorizing the Board to forward the fingerprints to the Central Repository for Nevada Records of Criminal History for submission to the Federal Bureau of Investigation(FBI). Because the General Services Division (GSD) has no way to estimate the number of individuals this requirement could cover a definitive cost estimate cannot be provided at this time. The cumulative impact to the division's Criminal History Repository resulting from applicant submission of fingerprint based background checks must be considered. GSD requests to return to the Nevada Legislature's Interim Finance Committee in the 2017-2019 biennium should workload increases necessitate additional staffing. Also, if this bill is enacted the FBI will need to review and approve the language pursuant to Public Law 92-544 as a condition of releasing its criminal history records.
