Explanation

If enacted, it appears that the proposed legislation would not have a fiscal impact on the Nevada System of Higher Education (NSHE) or its institutions.

Section 3 indicates that two community college representatives will be appointed by the Chancellor to serve as nonvoting members of the Apprenticeship Council. Based on the meeting schedule included in the proposed legislation, it appears that this would not create a significant fiscal impact for NSHE or the community colleges represented on the Council.

Section 21 requires NSHE (and other executive branch agencies) to provide data for inclusion in the statewide longitudinal data system. NSHE already provides data for this purpose; therefore, NSHE does not anticipate any additional fiscal impact.
