BDR 14-1062 (AB470) creates a new diversion program for certain persons who have been accused of a misdemeanor, gross misdemeanor or felony and provides eligibility requirements for the program. Section 5 of this bill requires that if the defendant is discharged and the indictment, information, complaint or citation is dismissed the court must order sealed all documents, papers and exhibits in the record of the defendant relating to the case. Furthermore, section 7 allows the person to make a written request to the Central Repository for Nevada Records of Criminal History to destroy a biological specimen if one was collected in the related case pursuant to NRS 176-0923 if the case against them was dismissed as described above. If this bill is enacted as introduced absent a caseload that would result from this requirement, a fiscal impact cannot be determined. GSD requests to return to the Nevada Legislature's Interim Finance Committee in the 2017-2019 biennium should workload increases necessitate additional staffing.
