**Board: Chiropractic Physicians' Board of Nevada**

Approved by: Julie Strandberg, Executive Director

Comment: Because the bill creates a process of judicial review of determinations made by the Board upon matters brought before the Board by persons particularly interested in challenging laws given to the Board by the Legislature, and such judicial processes are new, unprecedented, and (per the terms of the bill) unavoidable, the Board can anticipate that it may need to defend the laws assigned to the Board by the Legislature against such litigation. Since the Board is funded solely on its licensing fees, the costs of all such litigation would directly impact the Board's finances. At this time, the amount of the fiscal impact is unknowable and unascertainable.

**Board: Nevada Board of Examiners for Social Workers**

Approved by: Kim Frakes, Director of Social Work Practi

Comment: As submitted in BDR 54-930, AB353, it is assumed there does not appear to be an effective date. It is accordingly assumed that this would become effective upon passage. This would have an impact upon the fiscal years as noted, with the anticipated cost of \$1,500 reflecting both time spent by our Sr. DAG and staff to respond to an inquiry (from either an applicant or potential applicant) pertaining to his/her eligibility for licensure, based upon information provided by this individual during his/her inquiry and the possible rescinded determination, pursuant to Sec. 13 of this bill.

**Board: Nevada State Board of Landscape Architecture**

Approved by: Ellis L. Antuenz, Executive Director

Comment: Section 13 1 through 5 states that a person may petition the board to determine if the criminal history disqualifies that person from obtaining a license or registration. The initial determination may be made by staff and the boards Deputy Attorney General. If the determination results in the petitioner requesting a review by the board, subsection 5 states: "The governmental entity or regulatory body shall issue its determination within 90 days after the governmental entity or regulatory body receives the petition". As the board meets quarterly, depending on when the petition is received, the board may have to call a special meeting to review and act on the petition. Thus the cost for travel, per diem and staff is being calculated at one extra meeting per quarter. All cost to cover both scenarios, will be paid for by registration fees from our licensees not state funds. This will place an extra cost on our licensees, unless the cost is paid for by the petitioner.

Board: <b>State Board of Cosmetology</b> Approved by: Gary K Landry, Executive Director Comment: We have estimated the time required to process the application of one cosmetologist, one aesthetician, and one nail technologist who tries to have their professional license not required to be processed. We anticipate that all license types will be necessary and required. If a license type is found to be not required then the amount of funding for the agency will have to come from the state general fund.
