S.B. 414 / BDR 32 - 935

City/County: Carson City Approved by: Nancy Paulson, CFO Comment: No fiscal impact to Carson City.

City/County: Clark County Approved by: David Dobrzynski, Asst Director of Finance Comment: Revises provisions related to the taxation of certain property owned by nonresidents. 1) The property must be owned by non-resident of Nevada, AND 2) The property must be located solely in Nevada for purposes of a display, exhibition, convention, carnival, fair, or circus, AND 3) The property must be transient in nature. So in essence, property temporarily brought in from out of state to Nevada for trade shows and special events is exempt. The legislative intent is to exempt this type of property which is considered transient. SB414 removes the "transient" test from property considered to be in Nevada solely for the purposes of a display, exhibition, or convention. Property used for these purposes would now be exempt, whether transient in nature, or permanently based in Nevada. This will result in favorable tax treatment for specific businesses involved in trade shows and conventions. This will also result in a revenue loss for Clark County estimated at \$700,000 per year. In the process of opening up this exemption to certain property permanently based in Nevada, SB414 limits the exemption to non-resident owners only. So Nevada residents would pay taxes, while non-residents would not, for the exact same property owned and used for the same purpose. Tax revenue foregone as a result of this Bill is estimated at \$700,000 per year or more. This is based on an extracted list of businesses in World Market Center and exhibitors that could potentially qualify for the exemption.

City/County: City of Reno Approved by: Tillery Williams , Management Analyst Comment: Fiscal impact cannot be determined at this time. As written, this bill proposes a change to existing statute that makes it easier for an individual to claim exemption from property tax. Because this bill would make it easier for an individual to claim an exemption, it appears that a reduced amount of property taxes would be collected from nonresidents. However, staff is not able to quantify the full impact without having more data. Relatively, the fiscal impact to the City may not be significant.
