Explanation

The NDOC has reviewed the current amendment on AB316, reprinted with amendments adopted on April 19, 2017, and based on the permissive language the original NDOC fiscal note can be removed. NDOC currently performs the duties as described. However, NDOC would like to note the permissive allowance of NDOC to provide community programming would only be completed, when and if funds, were available. As it is not a mandate, the NDOC has determined the amendment to AB 316 dated April 19, 2017 results in no fiscal impact.
