Explanation

Section 1 of this legislation requires the Legislative Auditor to conduct an audit of the use of the revenue generated by the processing fees collected by the Department of Wildlife from applicants applying for game tags and to present its written report of the audit to the Audit Subcommittee of the Legislative Commission not later than January 31, 2019. Although there would be no direct fiscal impact to the Audit Division of the Legislative Counsel Bureau, the requirement to complete the audit of the Department of Wildlife would result in that audit taking priority over other audits on the audit program approved by the Legislative Commission and would delay the completion of the audits on that program.
