Local Government Responses
S.B. 104 / BDR 34 - 329

City/County: Carson City School District Approved by: Andrew J Feuling, Director of Fiscal Services Comment: While I like the idea of making sure teachers know their curricular areas, we can't find enough teachers the way it is. Enrollments in teacher education programs are down nationwide, and this would make it even harder for those that choose this path to get into the classroom. If any fiscal impact, I would expect it to reduce our expenses due to vacancy savings because we would have even more teacher openings.

City/County: **Humboldt County School District**

Approved by: David Jensen, Superintendent

Comment: The district would propose consideration of a unilateral removal of the requirement for Nevada Law and Constitution courses. As we address teacher pipeline issues, the removal for out of state candidates will be helpful. The same benefit would be of value for in state candidates. Costs appear to be tied to teacher candidates, as a result, we see no tangible fiscal impact.

Approved by: Paul Johnson, CFO

Comment: Hopefully the proposed changes in BDR 34-329 will help fill teacher vacancies in Nevada. Because the District has a relatively small work force, the number of vacancies is nominal from year to year. The District budgets with the intention of filling the positions with licensed personnel so this BDR should not adversely affect the District's budget.
