#### Explanation

(Use Additional Sheets of Attachments, if required)

This Bill attempts to create a public health lab in CC. The SNHD already runs a public health lab (Fund 762), but under law it is a "subset" of the northern lab in Reno / Carson City. This will allow for autonomy for southern Nevada, allow for all testing to be done in Clark which now requires certain items being sent up North. It will also allow the SNHD to apply directly for funding that currently would have to come through the lab up north.

The lab operates as an enterprise fund (F762) and the impact of the County property taxes allocated to the SNHD (0.035 per \$100 of assessed valuation) is not noted as impacted in the Bill, nor conversations with SNHD staff has indicated that funding would be needed / reallocated from Clark County as a result of this Bill.
