Explanation

(Use Additional Sheets of Attachments, if required)

This bill increases training requirements for child care providers; requires child care staff to supervise any independent contractor that is on site performing services when children are present; revises current law to increase the frequency, timing, and requirements of background checks for child care providers. The fiscal impact for this bill is accounted for in the Division of Public and Behavioral Health's (DPBH) fiscal note response; however, there will also be a fiscal impact to the Division of Welfare and Supportive Services (division), as the division is required to pass through Child Care Development Block Grant Funds to DPBH in support of their Child Care program.
