Explanation

(Use Additional Sheets of Attachments, if required)

Section 5 of the bill requires employers to maintain certain information regarding compensation and other terms, conditions and privileges of employment for its employees and requires that the information be obtained by the employer for a 5-year period. The Legislative Counsel Bureau currently maintains records of compensation and other terms, conditions and privileges of employment for its employees and would be able to implement the requirements of this bill with its current staff and without additional financial resources. We do not believe the other provisions of the bill would result in any quantifiable fiscal impact to our agency.
