Explanation

(Use Additional Sheets of Attachments, if required)

NDOT could potentially absorb the costs for this bill, particularly if the new positions being requested would manage this program. In this case, NDOT would just be administering a grant and doing some planning work, so the impact would be minimal. There is a slight possibility that NDOT may have to hire a consultant to help manage this program, as the agency might not have the expertise internally. No impact through FY 2018-19, then unknown thereafter.
