Explanation

(Use Additional Sheets of Attachments, if required)

The State Public Charter School Authority (SPCSA) may realize a fiscal impact if BDR 34-254 is approved as submitted. At this time, language in the BDR is unclear how the grant will be administered. Past practice has demonstrated the Nevada Department of Education (NDE) invoking NRS 388A.159 which deems the SPCSA the local educational agency for the purpose of directing proportionate share of any money available from federal and state categorical grant programs to sponsored charter schools. If this practice is continued in relation to approval of this BDR, then the agency anticipates a fiscal impact for two part time positions to support program management and fiscal management of an additional grant. If NDE awards grants directly to charter schools for administration in relation to approval of this BDR, then the agency would anticipate no fiscal impact.
