State Agency: **Department of Public Safety**

Approved by: James DiBasilio, ASO III

Comment: BDR 53 - 866 requires certain increases in the minimum wage paid to employees in private employment in the state. DPS agencies may require the use of temporary employment service firms for contracted staff. DPS cannot estimate the number or type of contracted employees that may be required. In addition, DPS cannot predict how the companies under the Master Service Agreement for temporary employment services would react. Therefore, the fiscal impact on the bill as written cannot be determined.

Approved by: Yvonne M. Nevarez-Goodson, Executive Director

Comment: This measure imposes certain increases in the minimum wage paid to employees in private employment in the State of Nevada. The Commission on Ethics is a public employer, subject to the pay scales set forth in the Unclassified Pay Bill for each of its employees. Furthermore, the Ethics Commission regulates public officers and employees for compliance with the Ethics Law and does not regulate activities of private employers. Accordingly, this measure has no fiscal impact on the agency.

State Agency: **Nevada System of Higher Education**

Approved by: Heidi Haartz, Assistant Budget Director

Comment: If enacted, it appears that this legislation would have a fiscal impact on NSHE and its institutions; however, it is not possible to quantify the amount of the impact.

NSHE institutions utilize contractors for services such as janitorial work and temporary employment agencies, examples of private businesses that would be required to comply with the proposed increases in the minimum wage. These costs, as well as increased administrative costs, could be passed on to the institutions.

Additionally, the future fiscal impact cannot be quantified due to variables such as the need for contract or temporary employment services.

Cannot Be Determined	\$0	\$0	\$0	\$0

State Agency: **Department of Health and Human Services, Health Care Financing and Policy**

Approved by: Karen Salm, ASO IV

Comment: This bill requires the Labor commissioner to ensure the hourly minimum wage paid to an employee in private employment in the state be increased by \$1.25 each year for 5 years or until the wage is \$15 or more if the employer of the employee does not offer health insurance, or until the wage is \$14 or more if the employer does offer employee health insurance. Initial impact to eligibility for the upcoming biennium appears negligible; however, the division cannot determine the impact of future biennia at this time. In addition, Medicaid has reimbursement rates that are contingent upon minimum wage, so there will be an impact to revised Medicaid rates, however the division cannot determine the impact at this time.
