Total	0	0	0	0

Explanation

(Use Additional Sheets of Attachments, if required)

The Nevada Department of Corrections (NDOC) has reviewed BDR 14-559, S.B. 378 relating to the governmental administration of marijuana. This bill makes various changes to the NRS by making allowances to the holder of a valid registry identification card to engage in the medical use of marijuana and not have the use affect the user's ability to hold a permit to carry a concealed firearm; requiring the sealing of all records relating to certain convictions concerning the possession of a controlled substance; authorizing the holder of a valid registry identification card to engage in the medical use of marijuana while completing treatment for the abuse of alcohol or drugs; providing that the odor of marijuana upon certain persons does not alone constitute probable cause to search the person or the person's property to inspection; revising provisions relating to prohibited acts by a person while driving or being in actual physical control of a vehicle or commercial motor vehicle on a highway or on premises to which the public has access or while operating or being in actual physical control of a vessel under power or sail on the waters of this State; providing for the testing of the saliva of the holder of a valid registry identification card to determine the presence of marijuana therein under certain circumstances; and providing other matters properly relating thereto. Sections 24 and 33 remove marijuana and marijuana metabolite from the list of controlled substances that are prohibited beyond a given level of concentration in the urine or blood. Instead, the maximums allowable levels of concentration for marijuana delta-9-tetrahydrocannabinol and marijuana metabolite (11-OH-tetrahydrocannabinol) are provided in blood nano grams per millimeter. It has been determined that there is no additional fiscal impact to the Department of Corrections.

Name Scott Ewart

Title Chief of Fiscal Services

GOVERNOR'S OFFICE OF FINANCE COMMENTS

The agency's response appears reasonable.

Date Friday, March 24, 2017

Name Paul Nicks

Title Exec. Branch Budget Officer
