Explanation

(Use Additional Sheets of Attachments, if required)

This bill requires the Department of Health and Human Services to make health coverage available for purchase through the Medicaid managed care program on the Silver State Health Insurance Exchange by persons who are not otherwise eligible for Medicaid. This may result in a fiscal impact to the Division of Welfare and Supportive Services (DWSS) due to an increase of Medicaid applications for households who apply directly to DWSS and do not enter the process using the pre-screener process located in the DWSS's website. The fiscal impact cannot be determined at this time, as the division does not have a basis for measurement of potential increases in applications, or increased Medicaid caseload.
