Explanation

(Use Additional Sheets of Attachments, if required)

This legislation requires the Legislative Auditor to conduct a performance and compliance audit of the Incline Village General Improvement District and to present its written report of the audit to the Audit Subcommittee of the Legislative Commission not later than January 31, 2019. Although there would be no direct fiscal impact to the Audit Division of the Legislative Counsel Bureau, the requirement to complete the audit of the Incline Village General Improvement District would result in that audit taking priority over other audits on the audit program approved by the Legislative Commission and would delay the completion of the audits on that program.
