AN ACT relating to taxation; revising provisions governing the administration of certain taxes; eliminating certain duties of the Department of Taxation relating to the commerce tax and the payroll taxes imposed on certain businesses; maintaining and continuing the existing legally operative rates of the payroll taxes imposed on certain businesses; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law imposes an annual commerce tax on each business entity whose Nevada gross revenue in a fiscal year exceeds \$4,000,000, with the rate of the commerce tax based on the industry in which the business entity is primarily engaged. (NRS 363C.200, 363C.300-363C.560) Existing law also imposes: (1) a payroll tax on financial institutions and on mining companies subject to the tax on the net proceeds of minerals, with the rate of the payroll tax set at 2 percent of the amount of the wages, as defined under existing law, paid by the financial institution or mining company during each calendar quarter in connection with its business activities; and (2) a payroll tax on other business entities, with the rate of the payroll tax set at 1.475 percent of the amount of the wages, as defined under existing law but excluding the first \$50,000 thereof, paid by the business entity during each calendar quarter in connection with its business activities. (NRS 363A.130, 363B.110, 612.190) However, a business entity that pays both the payroll tax and the commerce tax is entitled to a credit against the payroll tax of a certain amount of the commerce tax paid by the business entity. (NRS 363A.130, 363B.110)

Existing law further establishes a rate adjustment procedure that is used by the Department of Taxation to determine whether the rates of the payroll taxes should

be reduced in future fiscal years under certain circumstances. Under the rate adjustment procedure, on or before September 30 of each even-numbered year, the Department must determine the combined revenue from the commerce tax and the payroll taxes for the preceding fiscal year. If that combined revenue exceeds a certain threshold amount, the Department must make additional calculations to determine future reduced rates for the payroll taxes. However, any future reduced rates for the payroll taxes do not go into effect and become legally operative until July 1 of the following odd-numbered year. (NRS 360.203) This rate adjustment procedure was enacted by the Legislature during the 2015 Legislative Session and became effective on July 1, 2015. (Sections 62 and 114 of chapter 487, Statutes of Nevada 2015, pp. 2896, 2955) Since July 1, 2015, no future reduced rates for the payroll taxes have gone into effect and become legally operative based on the rate adjustment procedure. As a result, the existing legally operative rates of the payroll taxes are still 2 percent and 1.475 percent, respectively. (NRS 363A.130, 363B.110)

Section 4 of this bill eliminates the rate adjustment procedure used by the Department of Taxation to determine whether the rates of the payroll taxes should be reduced in any fiscal year. **Section 3** of this bill maintains and continues the existing legally operative rates of the payroll taxes at 2 percent and 1.475 percent, respectively, without any changes or reductions in the rates of those taxes pursuant to the rate adjustment procedure for any fiscal year. **Section 3** also provides that the Department must not apply or use the rate adjustment procedure to determine any future reduced rates for the payroll taxes for any fiscal year.

TEXT OF REPEALED SECTION

360.203 Reduction of rate of certain taxes on business under certain circumstances; duties of Department.

1. Except as otherwise provided in subsection 4, on or before September 30 of each even-numbered year, the Department shall determine the combined revenue from the taxes imposed by chapters 363A and 363B of NRS and the commerce tax imposed by chapter 363C of NRS for the preceding fiscal year.

2. Except as otherwise provided in subsection 4, if the combined revenue determined pursuant to subsection 1 exceeds by more than 4 percent the amount of the combined anticipated revenue from those taxes for that fiscal year, as projected by the Economic Forum for that fiscal year pursuant to paragraph (e) of subsection 1 of NRS 353.228 and as adjusted by any legislation enacted by the Legislature that affects state revenue for that fiscal year, the Department shall determine the rate at which the taxes imposed pursuant to NRS 363A.130 and 363B.110, in combination with the revenue from the commerce tax imposed by chapter 363C of NRS, would have generated a combined revenue of 4 percent more than the amount anticipated. In making the determination required by this subsection, the Department shall reduce the rate of the taxes imposed pursuant to NRS 363A.130 and 363B.110 in the proportion that the actual amount collected from each tax for the preceding fiscal year bears to the total combined amount collected from both taxes for the preceding fiscal year.

3. Except as otherwise provided in subsection 4, effective on July 1 of the odd-numbered year immediately following the year in which the Department made the determination described in subsection 1, the rates of the taxes imposed pursuant to NRS 363A.130 and 363B.110 that are determined pursuant to subsection 2, rounded to the nearest one-thousandth of a percent, must thereafter be the rate of those taxes, unless further adjusted in a subsequent fiscal year.

4. If, pursuant to subsection 3, the rate of the tax imposed pursuant to NRS 363B.110 is 1.17 percent:

(a) The Department is no longer required to make the determinations required by subsections 1 and 2; and

(b) The rate of the taxes imposed pursuant to NRS 363A.130 and 363B.110 must not be further adjusted pursuant to subsection 3.
