AN ACT relating to mental health; requiring the Commission on Behavioral Health to employ a coordinator for each regional behavioral health policy board; revising the counties that comprise certain behavioral health regions; revising the duties of a regional health policy board; making an appropriation; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates four behavioral health regions and a regional behavioral health policy board for each region, consisting of 13 members who possess certain qualifications. (NRS 433.428, 433.429) **Section 2** of this bill removes Lincoln County from the Rural Behavioral Health Region and instead places it in the Southern Behavioral Health Region. **Section 3** of this bill authorizes the appointment to a policy board of members with alternative qualifications if members meeting certain qualifications prescribed by existing law are not available.

Existing law prescribes the duties of the policy boards, which include: (1) advising the Department of Health and Human Services, the Division of Public and Behavioral Health of the Department and the Commission on Behavioral Health concerning certain issues; and (2) submitting an annual report to the Commission. (NRS 433.4295) **Section 4** of this bill additionally requires the policy boards to advise the Department, Division and Commission concerning redundant, conflicting or obsolete federal, state and local laws and regulations that relate to behavioral health. **Section 4** also requires each behavioral health policy board to:

(1) establish an electronic repository of data and information concerning behavioral health and behavioral health services in the behavioral health region; (2) track and compile data concerning persons admitted involuntarily to mental health facilities, hospitals and programs of community-based or outpatient services; and (3) identify and coordinate with other entities that address issues relating to behavioral health. Additionally, **section 4** revises the contents of the annual report that each policy board is required to submit to the Commission.

Section 1 of this bill requires the Commission on Behavioral Health to employ for each policy board a coordinator to assist the policy board in carrying out its duties, and **section 5** of this bill appropriates money to the Commission for the compensation of those coordinators. (NRS 433.314)
