AN ACT relating to employment; prohibiting the denial of employment because of the presence of marijuana in a screening test taken by a prospective employee with certain exceptions; authorizing an employee to rebut the results of a screening test under certain circumstances; ~~foreclosing a presumption that the ability of an employee to perform his or her job and that the safety of other employees is not adversely affected if an employee has certain levels of certain prohibited substances in his or her blood; providing penalties;~~ and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law establishes various unlawful employment practices. (Chapter 613 of NRS)

Section 2 of this bill prohibits, with certain exceptions, an employer from denying employment to a prospective employee because the prospective employee has submitted to a drug screening test and the test indicates the presence of marijuana. **Section 2** further provides, however, that it is ~~not unlawful~~ **lawful** for an employer to condition the employment of a prospective employee who does not hold a valid registry identification card to engage in the medical use of marijuana on the prospective employee's abstention from use of marijuana while performing his or her duties of employment. Finally, **section 2** provides that if an employer requires an employee to submit to a screening test within his or her first 30 days of employment, the employer is required to accept ~~as conclusive~~ **and give appropriate consideration to** the results of an additional screening test to which the employee submitted at his or her own expense.

~~Existing law makes it an unlawful employment practice to fail or refuse to hire, discharge or otherwise discriminate against an employee because the employee engages in the lawful use of any product outside the premises of the employer during the employee's nonworking hours, if that use does not adversely affect the employee's ability to perform his or her job or the safety of other employees. (NRS 613.333) Section 3.5 of this bill specifies that this provision of existing law applies to the use of marijuana.~~

~~Existing law prohibits a person from driving or being in actual physical control of a vehicle on a highway or on premises to which the public has access if the person has an amount of marijuana or marijuana metabolite in his or her blood that is equal to or greater~~

than 2 nanograms per milliliter or 5 nanograms per milliliter, respectively. (NRS 484C.110)
Section 3.5 creates a presumption that the ability of an employee to perform his or her job and
that the safety of other employees is not adversely affected if the employee has less than such
amounts of marijuana or marijuana metabolite in his or her blood.]
