AN ACT relating to education; reducing the minimum number of credit hours required per semester for eligibility for a grant awarded under the Silver State Opportunity Grant Program; creating an exception to the credit hour requirement; ~~providing that grant money received by colleges pursuant to the Program does not revert;~~ prescribing the order of priority in which grants under the Program must be awarded; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the Silver State Opportunity Grant Program. Under the Program, the Board of Regents of the University of Nevada is required to award grants to eligible students to pay for a portion of the cost of education at a community college or state college that is part of the Nevada System of Higher Education. One of the requirements for eligibility for such a grant is that a student be enrolled, or accepted to be enrolled, during a semester in at least 15 credit hours at a community college or state college that is part of the Nevada System of Higher Education. (NRS 396.952) **Section 1** of this bill reduces the minimum number of such required credit hours to 12 credit hours and provides that a student who is enrolled in fewer than 12 credit hours is still eligible for a grant if the student is enrolled in his or her final semester of study.

~~Section 2 of this bill provides that money provided to a community college or state college for a grant awarded on behalf of a student under the Silver State Opportunity Grant Program does not revert and any remaining amount must be carried forward and used for grants for eligible students in a subsequent semester.~~ **Section 3 of this bill makes conforming changes.**

Section 2 of this bill prescribes the order of priority in which grants must be awarded, which is based on the number of credit hours in which the student is enrolled, or accepted to be enrolled, and whether the student is enrolled, or accepted to be enrolled, in the final semester of a program of study.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. NRS 396.952 is hereby amended to read as follows:

396.952 1. The Silver State Opportunity Grant Program is hereby created for the purpose of awarding grants to eligible students to pay for a portion of the cost of education at a community college or state college within the System.

2. The Board of Regents shall administer the Program.

3. In administering the Program, the Board of Regents shall for each semester, subject to the limits of money available for this purpose, award a grant to each eligible student to pay for a portion of the cost of education at a community college or state college within the System.

4. To be eligible for a grant awarded under the Program, a student must:

~~[(c) Award]~~

2. The Board of Regents or a designee thereof shall award to ~~each eligible student~~ eligible students a grant in the amount determined pursuant to paragraph

(b).~~f~~

3. Money received from a grant awarded under the Program must be used by a student only to pay for the cost of education of the student at a community college or state college within the System and not for any other purpose.

(d) May adopt any other regulations necessary to carry out the Program.

2. The regulations prescribed pursuant to this section must provide that:

(a) In determining the student contribution to the cost of education, the student contribution must not exceed the amount that the Board of Regents determines the student reasonably could be expected to earn from employment during the time the student is enrolled at a community college or state college within the System, including, without limitation, during breaks between semesters. This paragraph and any regulations adopted pursuant to this section must not be construed to require a student to seek or obtain employment as a condition of eligibility for a grant under the Program.
