AN ACT relating to the care of children; authorizing the parent or guardian of a child to execute a power of attorney delegating to another person certain powers relating to the child; prohibiting a provider of foster care from providing overnight or regular and continuous care and supervision to a child who is the subject of such a power of attorney under certain circumstances; authorizing an agency which provides child welfare services to provide a referral to or information concerning certain community-based organizations to the parent or guardian of a child who is alleged to be a child in need of protection; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law defines the term "foster home" to mean a home that receives, nurtures, supervises and ensures routine educational services and medical, dental and mental health treatment for children. (NRS 424.014) Existing law requires the Division of Child and Family Services of the Department of Health and Human Services to adopt regulations to establish requirements for the licensure of foster homes. (NRS 424.020) **Section 3** of this bill authorizes the parent or guardian of a child to execute a power of attorney to delegate to another person all power **of the parent or guardian** regarding health care, support, custody and property of the child, except for the power to consent to the marriage or adoption of the child, without having the child enter the child welfare system. **Section 3** authorizes such a delegation of power for: (1) a period during which the care and custody of the child is entrusted to a child care institution; (2) a period expiring 30 days after the parent or guardian returns from active duty in certain uniformed services; or (3) in all other cases, a period of not longer than 12 months. **Section 3** provides that a parent or guardian who executes such a power of attorney remains responsible for any act or omission of the person to whom power is delegated with respect to the affairs, property and person of the child. **Section 3** provides that a child who is the subject of such a power of attorney is not a foster child, and **section 2** of this bill provides that a person to whom power is delegated is not required to obtain a license as a foster family or to operate a foster home. **Section 1** of this bill prohibits a provider of foster care from providing overnight or regular and continuous care and supervision to a child who is the subject of such a power of attorney while also providing care to a child placed in the foster home by the agency which provides child welfare services or the order of a juvenile court.

Existing law requires a court to hold an adjudicatory hearing on a petition alleging that a child is in need of protection. (NRS 432B.530) **Section 4** of this bill authorizes the agency which provides child welfare services to: (1) upon a finding that the allegations in the petition have been established, refer the parent or guardian of the child to a community-based organization that provides respite care, voluntary guardianship or other support services for families in crisis; or (2) upon a finding that the allegations in the petition have not been established, provide the parent or guardian of the child with information concerning such an organization.
