AN ACT relating to industrial insurance; authorizing compensation under industrial insurance for posttraumatic stress disorder suffered by a first responder under certain circumstances; exempting a claim for posttraumatic stress disorder suffered by a first responder from certain provisions governing certain other stress-related claims; exempting a claim for posttraumatic stress disorder suffered by a first responder from certain prohibitions on compensation for an injury and temporary disability; exempting a claim for posttraumatic stress disorder suffered by a first responder from certain provisions governing the calculation of compensation for a permanent partial disability; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

**Section 1** of this bill provides that, under certain circumstances, posttraumatic stress disorder suffered by a first responder is an occupational disease compensable under industrial insurance. **Section 1:** (1) sets forth the circumstances under which such a claim is compensable; (2) sets forth provisions governing the notice of such an injury and the claim for compensation; (3) exempts such benefits from apportionment due to preexisting posttraumatic stress disorder and limitations on the duration of temporary benefits; (4) requires an agency which employs a first responder to provide educational training on mental health issues; and (5) requires the Division of Industrial Relations of the Department of Business and Industry to adopt certain regulations.

Existing law provides that a certain injury or disease sustained by an employee that is caused by stress is compensable under industrial insurance if it arose out of and in the course of his or her employment and sets forth the requirements for such a claim. (NRS 616C.180) **Section 2** of this bill exempts a claim for posttraumatic stress disorder suffered by a first responder from these requirements.

Existing law prohibits the payment of temporary compensation benefits for an injury or temporary total disability which does not incapacitate the employee for a minimum number of

days. (NRS 616C.400, 617.420) **Sections 3 and 5** of this bill exempt a claim for posttraumatic stress disorder suffered by a first responder from these prohibitions.

Existing law prohibits the consideration of factors other than the degree of physical impairment of the whole person in calculating the entitlement to compensation for a permanent partial disability except in the case of certain claims for stress. (NRS 616C.490) **Section 4** of this bill exempts a claim for compensation for posttraumatic stress disorder suffered by a first responder from this prohibition.

21 period, from earning full wages, but if the incapacity extends for 5 or more  
22 consecutive days, or 5 cumulative days within a 20-day period, compensation must  
23 then be computed from the date of the injury.

24 2. The period prescribed in this section does not apply to:

25 (a) Accident benefits, whether they are furnished pursuant to NRS 616C.255 or  
26 616C.265, if the injured employee is otherwise covered by the provisions of  
27 chapters 616A to 616D, inclusive, of NRS and entitled to those benefits.

28 (b) Compensation paid to the injured employee pursuant to subsection 1 of  
29 NRS 616C.477.

30 (c) A claim which is filed pursuant to NRS 617.453, 617.455 or 617.457 ~~or~~ *or*  
31 *section 1 of this act.*

32 **Sec. 4.** NRS 616C.490 is hereby amended to read as follows:

33 616C.490 1. Except as otherwise provided in NRS 616C.175, every  
34 employee, in the employ of an employer within the provisions of chapters 616A to  
35 616D, inclusive, of NRS, who is injured by an accident arising out of and in the  
36 course of employment is entitled to receive the compensation provided for  
37 permanent partial disability. As used in this section, "disability" and "impairment  
38 of the whole person" are equivalent terms.

39 2. Within 30 days after receiving from a physician or chiropractor a report  
40 indicating that the injured employee may have suffered a permanent disability and  
41 is stable and ratable, the insurer shall schedule an appointment with the rating  
42 physician or chiropractor selected pursuant to this subsection to determine the  
43 extent of the employee's disability. Unless the insurer and the injured employee  
44 otherwise agree to a rating physician or chiropractor:

45 (a) The insurer shall select the rating physician or chiropractor from the list of  
46 qualified rating physicians and chiropractors designated by the Administrator, to  
47 determine the percentage of disability in accordance with the American Medical  
48 Association's Guides to the Evaluation of Permanent Impairment as adopted and  
49 supplemented by the Division pursuant to NRS 616C.110.

50 (b) Rating physicians and chiropractors must be selected in rotation from the  
51 list of qualified physicians and chiropractors designated by the Administrator,  
52 according to their area of specialization and the order in which their names appear  
53 on the list unless the next physician or chiropractor is currently an employee of the

insurer making the selection, in which case the insurer must select the physician or chiropractor who is next on the list and who is not currently an employee of the insurer.

3. If an insurer contacts the treating physician or chiropractor to determine whether an injured employee has suffered a permanent disability, the insurer shall deliver to the treating physician or chiropractor that portion or a summary of that portion of the American Medical Association's Guides to the Evaluation of Permanent Impairment as adopted by the Division pursuant to NRS 616C.110 that is relevant to the type of injury incurred by the employee.

4. At the request of the insurer, the injured employee shall, before an evaluation by a rating physician or chiropractor is performed, notify the insurer of:

(a) Any previous evaluations performed to determine the extent of any of the employee's disabilities; and

(b) Any previous injury, disease or condition sustained by the employee which is relevant to the evaluation performed pursuant to this section.

➤ The notice must be on a form approved by the Administrator and provided to the injured employee by the insurer at the time of the insurer's request.

5. Unless the regulations adopted pursuant to NRS 616C.110 provide otherwise, a rating evaluation must include an evaluation of the loss of motion, sensation and strength of an injured employee if the injury is of a type that might have caused such a loss. Except in the case of claims accepted pursuant to NRS 616C.180 ~~or~~ *or section 1 of this act*, no factors other than the degree of physical impairment of the whole person may be considered in calculating the entitlement to compensation for a permanent partial disability.

6. The rating physician or chiropractor shall provide the insurer with his or her evaluation of the injured employee. After receiving the evaluation, the insurer shall, within 14 days, provide the employee with a copy of the evaluation and notify the employee:

(a) Of the compensation to which the employee is entitled pursuant to this section; or

(b) That the employee is not entitled to benefits for permanent partial disability.

7. Each 1 percent of impairment of the whole person must be compensated by a monthly payment:

(a) Of 0.5 percent of the claimant's average monthly wage for injuries sustained before July 1, 1981;

(b) Of 0.6 percent of the claimant's average monthly wage for injuries sustained on or after July 1, 1981, and before June 18, 1993;

(c) Of 0.54 percent of the claimant's average monthly wage for injuries sustained on or after June 18, 1993, and before January 1, 2000; and

(d) Of 0.6 percent of the claimant's average monthly wage for injuries sustained on or after January 1, 2000.

➤ Compensation must commence on the date of the injury or the day following the termination of temporary disability compensation, if any, whichever is later, and must continue on a monthly basis for 5 years or until the claimant is 70 years of age, whichever is later.

8. Compensation benefits may be paid annually to claimants who will be receiving less than \$100 a month.

9. Except as otherwise provided in subsection 10, if there is a previous disability, as the loss of one eye, one hand, one foot, or any other previous permanent disability, the percentage of disability for a subsequent injury must be determined by computing the percentage of the entire disability and deducting

therefrom the percentage of the previous disability as it existed at the time of the subsequent injury.

10. If a rating evaluation was completed for a previous disability involving a condition, organ or anatomical structure that is identical to the condition, organ or anatomical structure being evaluated for the present disability, the percentage of disability for a subsequent injury must be determined by deducting the percentage of the previous disability from the percentage of the present disability, regardless of the edition of the American Medical Association's Guides to the Evaluation of Permanent Impairment as adopted by the Division pursuant to NRS 616C.110 used to determine the percentage of the previous disability. The compensation awarded for a permanent disability on a subsequent injury must be reduced only by the awarded or agreed upon percentage of disability actually received by the injured employee for the previous injury regardless of the percentage of the previous disability.

11. The Division may adopt schedules for rating permanent disabilities resulting from injuries sustained before July 1, 1973, and reasonable regulations to carry out the provisions of this section.

12. The increase in compensation and benefits effected by the amendment of this section is not retroactive for accidents which occurred before July 1, 1973.

13. This section does not entitle any person to double payments for the death of an employee and a continuation of payments for a permanent partial disability, or to a greater sum in the aggregate than if the injury had been fatal.

**Sec. 5.** NRS 617.420 is hereby amended to read as follows:

617.420 1. No compensation may be paid under this chapter for temporary total disability which does not incapacitate the employee for at least 5 cumulative days within a 20-day period from earning full wages, but if the incapacity extends for 5 or more days within a 20-day period, the compensation must then be computed from the date of disability.

2. The limitations in this section do not apply to medical benefits, including, without limitation, medical benefits pursuant to NRS 617.453, 617.455 or 617.457, **or section 1 of this act**, which must be paid from the date of application for payment of medical benefits.

**Sec. 6.** The provisions of NRS 354.599 do not apply to any additional expenses of a local government that are related to the provisions of this act.

**Sec. 7.** This act becomes effective upon passage and approval.
