ASSEMBLY JOINT RESOLUTION—Proposing to amend the Nevada Constitution to prospectively increase the required minimum wage paid to employees.

**Legislative Counsel's Digest:**

Section 16 of Article 15 of the Nevada Constitution requires private employers to pay a minimum wage of \$5.15 per hour if the employer provides certain health benefits to employees or \$6.15 per hour if the employer does not provide such health benefits to employees. The Constitution also requires the minimum wage to be adjusted each year by the amount of any increase in the federal minimum wage over \$5.15 per hour or, if greater, by the cumulative increase in the cost of living measured by the Consumer Price Index (CPI), except that the CPI adjustment for any 1-year period cannot exceed 3 percent. (Nev. Const. Art. 15, §16) This joint resolution proposes to amend the Nevada Constitution to instead set the minimum wage at \$12 per hour worked beginning July 1, 2024, regardless of whether the employer provides health benefits to employees. In addition, this joint resolution removes the annual adjustment to the minimum wage and instead provides that if at any time the federal minimum wage is greater than \$12 per hour worked, the minimum wage is increased to the amount established for the federal minimum wage. In addition, this joint resolution allows the Legislature to establish a minimum wage that is greater than the hourly rate set forth in the Constitution.
