EXPLANATION – Matter in *bolded italics* is new; matter between brackets ~~omitted material~~ is material to be omitted.

AN ACT relating to retired military vehicles; requiring the Department of Motor Vehicles to design, prepare and issue special license plates for certain retired military vehicles; imposing certain requirements on such vehicles operating on the highways of this State; imposing a fee for such special license plates; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

**Section 1** of this bill requires the Department of Motor Vehicles, upon receiving 25 applications for such special license plates, to design, prepare and issue special license plates for retired military vehicles which are at least 20 years old on the date of application. **Section 1** provides that no annual registration fees or governmental services taxes are imposed on the owner of the retired military vehicle, which may be used only for exhibitions, parades, charitable events, fundraisers or similar activities. Additionally, **section 1** requires that a retired military vehicle with such a special license plate may not be operated on the highways of this State unless: (1) the vehicle complies with certain requirements regarding size, weight and load; (2) any tires on the vehicle meet certain tire pressure requirements; and (3) if the vehicle has tracks, the tracks are covered with a band that protects the surface of the highway from damage. The owner of such a retired military vehicle must submit an affidavit indicating that the retired military vehicle is safe to be operated on the highways of this State.

Under existing law, an application for the registration of a foreign vehicle must be accompanied by a motor vehicle inspection certificate. (NRS 482.220) **Section 2** of this bill removes a retired military vehicle which obtains the special license plates in **section 1** from the definition of "foreign vehicle," thus removing such a retired military vehicle from the inspection requirement.

**Section 9** of this bill authorizes a holder of a class A noncommercial driver's license to operate a retired military vehicle which obtains the special license plates in **section 1** regardless of the weight of the vehicle. **Sections 3-5** of this bill exempt the special license plates authorized in **section 1** from certain requirements pertaining to special license plates regarding: (1) recommendations from the Commission on Special License Plates; (2) the total number of separate designs of special license plates issued by the Department; and (3) the minimum number of special license plate applications required to produce such a plate. (NRS

482.367004, 482.367008, 482.36705) **Section 7** of this bill exempts a retired military vehicle which obtains the special license plates in **section 1** from the additional fees for registration imposed on certain motortrucks, truck-tractors and buses based on the weight of such a vehicle. (NRS 482.482) Finally, **section 10** of this bill exempts such retired military vehicles from certain emissions testing requirements. (NRS 445B.759) **Sections 6 and 8** of this bill make conforming changes.

**Section 11 of this bill provides that these changes become effective upon passage and approval for purposes of adopting regulations and performing any other administrative tasks and on January 1, 2020, for all other purposes.**

9 more than 30 separate designs of special license plates. Whenever the total number  
10 of separate designs of special license plates issued by the Department at any one  
11 time is less than 30, the Department shall issue a number of additional designs of  
12 special license plates that have been authorized by an act of the Legislature or the  
13 application for which has been recommended by the Commission on Special  
14 License Plates to be approved by the Department pursuant to subsection 5 of NRS

30 (2) Pursuant to the assessment of the viability of the design of the special

32 3,000 special license plates have been issued.

33 4. Except as otherwise provided in this subsection, on October 1 of each year  
34 the Department shall assess the viability of each separate design of special license  
35 plate that the Department is currently issuing by determining the total number of  
36 validly registered motor vehicles to which that design of special license plate is  
37 affixed. The Department shall not determine the total number of validly registered  
38 motor vehicles to which a particular design of special license plate is affixed if:

40 the Department pursuant to NRS 482.367002; and

41 (b) On October 1, that particular design of special license plate has been  
42 available to be issued for less than 12 months.

46 1,000; or

47 (b) In the case of special license plates described in subsection 3, less than  
48 3,000,

49 the Director shall provide notice of that fact in the manner described in  
50 subsection 6.

51 6. The notice required pursuant to subsection 5 must be provided:

52 (a) If the special license plate generates financial support for a cause or  
53 charitable organization, to that cause or charitable organization.

(b) If the special license plate does not generate financial support for a cause or charitable organization, to an entity which is involved in promoting the activity, place or other matter that is depicted on the plate.

7. If, on December 31 of the same year in which notice was provided pursuant to subsections 5 and 6, the total number of validly registered motor vehicles to which a particular design of special license plate is affixed is:

(a) In the case of special license plates not described in subsection 3, less than 1,000; or

(b) In the case of special license plates described in subsection 3, less than 3,000,

the Director shall, notwithstanding any other provision of law to the contrary, issue an order providing that the Department will no longer issue that particular design of special license plate. Except as otherwise provided in subsection 2 of NRS 482.265, such an order does not require existing holders of that particular design of special license plate to surrender their plates to the Department and does not prohibit those holders from renewing those plates.

**Sec. 5.** NRS 482.36705 is hereby amended to read as follows:

482.36705 1. Except as otherwise provided in subsection 2:

(a) If a new special license plate is authorized by an act of the Legislature after January 1, 2003, other than a special license plate that is authorized pursuant to NRS 482.379375, the Legislature will direct that the license plate not be designed, prepared or issued by the Department unless the Department receives at least 1,000 applications for the issuance of that plate within 2 years after the effective date of the act of the Legislature that authorized the plate.

(b) In addition to the requirements set forth in paragraph (a), if a new special license plate is authorized by an act of the Legislature after July 1, 2005, the Legislature will direct that the license plate not be issued by the Department unless its issuance complies with subsection 2 of NRS 482.367008.

(c) In addition to the requirements set forth in paragraphs (a) and (b), if a new special license plate is authorized by an act of the Legislature after January 1, 2007, the Legislature will direct that the license plate not be designed, prepared or issued by the Department unless the Commission on Special License Plates recommends to the Department that the Department approve the application for the authorized plate pursuant to NRS 482.367004.

2. The provisions of subsection 1 do not apply with regard to special license plates that are issued pursuant to NRS 482.3746, 482.3751, 482.3752, 482.3757, 482.3783, 482.3785, 482.3787, ~~482.37901~~ **or section 1 of this act.**

**Sec. 6.** NRS 482.399 is hereby amended to read as follows:

482.399 1. Upon the transfer of the ownership of or interest in any vehicle by any holder of a valid registration, or upon destruction of the vehicle, the registration expires.

2. Except as otherwise provided in NRS 482.2155 and subsection 3 of NRS 482.483, the holder of the original registration may transfer the registration to another vehicle to be registered by the holder and use the same regular license plate or plates or special license plate or plates issued pursuant to NRS 482.3667 to 482.3823, inclusive, **and section 1 of this act**, or 482.384, on the vehicle from which the registration is being transferred, if the license plate or plates are appropriate for the second vehicle, upon filing an application for transfer of registration and upon paying the transfer registration fee and the excess, if any, of the registration fee and governmental services tax on the vehicle to which the registration is transferred over the total registration fee and governmental services tax paid on all vehicles from which he or she is transferring ownership or interest. Except as otherwise provided in NRS 482.294, an application for transfer of

1 registration must be made in person, if practicable, to any office or agent of the  
2 Department or to a registered dealer, and the license plate or plates may not be used  
3 upon a second vehicle until registration of that vehicle is complete.

4 3. In computing the governmental services tax, the Department, its agent or  
5 the registered dealer shall credit the portion of the tax paid on the first vehicle  
6 attributable to the remainder of the current registration period or calendar year on a  
7 pro rata monthly basis against the tax due on the second vehicle or on any other  
8 vehicle of which the person is the registered owner. If any person transfers  
9 ownership or interest in two or more vehicles, the Department or the registered  
10 dealer shall credit the portion of the tax paid on all of the vehicles attributable to the  
11 remainder of the current registration period or calendar year on a pro rata monthly  
12 basis against the tax due on the vehicle to which the registration is transferred or on  
13 any other vehicle of which the person is the registered owner. The certificates of  
14 registration and unused license plates of the vehicles from which a person transfers  
15 ownership or interest must be submitted before credit is given against the tax due  
16 on the vehicle to which the registration is transferred or on any other vehicle of  
17 which the person is the registered owner.

18 4. In computing the registration fee, the Department or its agent or the  
19 registered dealer shall credit the portion of the registration fee paid on each vehicle  
20 attributable to the remainder of the current calendar year or registration period on a  
21 pro rata basis against the registration fee due on the vehicle to which registration is  
22 transferred.

23 5. If the amount owed on the registration fee or governmental services tax on  
24 the vehicle to which registration is transferred is less than the credit on the total  
25 registration fee or governmental services tax paid on all vehicles from which a  
26 person transfers ownership or interest, the person may apply the unused portion of  
27 the credit to the registration of any other vehicle owned by the person. Any unused  
28 portion of such a credit expires on the date the registration of the vehicle from  
29 which the person transferred the registration was due to expire.

30 6. If the license plate or plates are not appropriate for the second vehicle, the  
31 plate or plates must be surrendered to the Department or registered dealer and an  
32 appropriate plate or plates must be issued by the Department. The Department shall  
33 not reissue the surrendered plate or plates until the next succeeding licensing  
34 period.

35 7. If application for transfer of registration is not made within 60 days after  
36 the destruction or transfer of ownership of or interest in any vehicle, the license  
37 plate or plates must be surrendered to the Department on or before the 60th day for  
38 cancellation of the registration.

39 8. Except as otherwise provided in subsection 2 of NRS 371.040, NRS  
40 482.2155, subsections 7 and 8 of NRS 482.260 and subsection 3 of NRS 482.483, if  
41 a person cancels his or her registration and surrenders to the Department the license  
42 plates for a vehicle, the Department shall:

43 (a) In accordance with the provisions of subsection 9, issue to the person a  
44 refund of the portion of the registration fee and governmental services tax paid on  
45 the vehicle attributable to the remainder of the current calendar year or registration  
46 period on a pro rata basis; or

47 (b) If the person does not qualify for a refund in accordance with the provisions  
48 of subsection 9, issue to the person a credit in the amount of the portion of the  
49 registration fee and governmental services tax paid on the vehicle attributable to the  
50 remainder of the current calendar year or registration period on a pro rata basis.  
51 Such a credit may be applied by the person to the registration of any other vehicle  
52 owned by the person. Any unused portion of the credit expires on the date the

1 registration of the vehicle from which the person obtained a refund was due to  
2 expire.

3 9. The Department shall issue a refund pursuant to subsection 8 only if the  
4 request for a refund is made at the time the registration is cancelled and the license  
5 plates are surrendered, the person requesting the refund is a resident of Nevada, the  
6 amount eligible for refund exceeds \$100, and evidence satisfactory to the  
7 Department is submitted that reasonably proves the existence of extenuating  
8 circumstances. For the purposes of this subsection, the term "extenuating  
9 circumstances" means circumstances wherein:

10 (a) The person has recently relinquished his or her driver's license and has sold  
11 or otherwise disposed of his or her vehicle.

12 (b) The vehicle has been determined to be inoperable and the person does not  
13 transfer the registration to a different vehicle.

14 (c) The owner of the vehicle is seriously ill or has died and the guardians or  
15 survivors have sold or otherwise disposed of the vehicle.

16 (d) Any other event occurs which the Department, by regulation, has defined to  
17 constitute an "extenuating circumstance" for the purposes of this subsection.

18 **Sec. 7.** NRS 482.482 is hereby amended to read as follows:
