AN ACT relating to taxation; [eliminating the authority of the Office of Economic Development to issue] revising provisions governing the issuance of transferable tax credits for certain projects that will make a capital investment in this State of at least \$1 billion and satisfy certain other criteria; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law authorizes the Office of Economic Development to approve applications for partial abatements of certain taxes and the issuance of transferable tax credits submitted by the lead participant engaged in a qualified project with other participants which: (1) is for a common purpose or business endeavor; (2) is located within the geographic boundaries of a single project site in this State; and (3) satisfies certain criteria, including, without limitation, a requirement that the participants in the project agree to make a total new capital investment in this State of at least \$1 billion during the 10-year period immediately following approval of the application. (NRS 360.889) Under existing law, the Office is authorized to approve for the project: (1) a maximum of \$7,600,000 of transferable tax credits per fiscal year; and (2) a total amount of transferable tax credits of not more than \$38,000,000. (NRS 360.892) [Section 6 of this bill eliminates the authority of the Office to issue these transferable tax credits. Sections 1-5] Section 1.3 of this bill adds an additional requirement for the issuance of these transferable tax credits by requiring approval of the Interim Finance Committee before the tax credits may be issued. Sections 1, 1.5 and 1.7 of this bill make conforming changes. [by removing the authority of a lead participant to apply for these transferable tax credits and removing references to these transferable tax credits.]
