Legislative Counsel's Digest:

Existing law requires the Department of Health and Human Services to administer the Medicaid program. (NRS 422.270) **Section 3** of this bill requires the Division of Welfare and Supportive Services of the Department to conduct an analysis to determine the number of children during a certain period who have lost coverage under Medicaid within 12 months after the date on which the child was determined to be eligible for coverage. The analysis must also determine the number of such children who lost coverage for certain reasons. A report of the information must be submitted by the Department to the Legislature. **Section 3** also requires the Department to provide to the Legislature a fiscal analysis of the cost of allowing certain such children to remain covered under Medicaid until 12 months after the date on which the child was determined eligible for coverage. **Section 4** of this bill appropriates money to the Division to allow the Division to modify the computerized system used by the Division to maintain data concerning recipients of Medicaid as necessary to compile the data required by **section 3**. **Section 5** of this bill authorizes certain additional expenditures for this same purpose.
