- 2 interventionists and the registration of registered behavior technicians by the Aging
- 3 and Disability Services Division of the Department of Health and Human Services.
- 4 To be registered as a registered behavior technician by the Division, a person is

Board of Applied Behavior Analysis, which must be no less stringent than the requirements for registration as a Registered Behavior Technician, or an equivalent credential, by the Behavior Analyst Certification Board, Inc., or its successor organization. (NRS 437.205) Under existing law, both a registered behavior technician and a state certified behavior interventionist are authorized to provide behavioral therapy under the supervision of a licensed psychologist, behavior analyst or assistant behavior analyst. (NRS 437.050, 437.055, 437.505) **Sections 1, 4-7, 9-14, 16-20, 23-29, 31, 33-46, 48-53 and 56** of this bill remove certification as a state certified behavior interventionist.

Existing law authorizes the Board of Applied Behavior Analysis to adopt regulations governing its procedure, the examination and licensure, certification or registration of applicants, the granting, refusal, revocation or suspension of licenses, certificates or registrations and the practice of applied behavior analysis. (NRS 437.110) Existing law authorizes the Division to: (1) issue, renew, suspend, revoke and reinstate licenses and registrations; (2) impose disciplinary action against licensees and registrants; (3) adopt regulations prescribing fees for the issuance, renewal or reinstatement of a license or registration; (4) conduct investigations of licensees and registrants; and (5) perform certain related tasks to enforce provisions of law applicable to behavior analysts, assistant behavior analysts and registered behavior technicians. (NRS 437.130-437.140, 437.200-437.490) **Sections 14, 16-23, 25, 26, 28, 29, 34, 36, 38 and 42** of this bill transfer the responsibilities to issue, renew, suspend, revoke and reinstate licenses, impose disciplinary action against licensees and registrants and prescribe fees to the Board, while still requiring the Division to collect applications, conduct investigations, disburse money and hold disciplinary hearings. **Section 14** of this bill authorizes the Board to delegate those responsibilities to the Division except for making the final determination concerning the suspension or revocation of a license or the imposition of other disciplinary action. **Sections 2, 3 and 8** of this bill make conforming changes. **Sections 14, 15, 30, 32, 33, 35, 39 and 40** of this bill require the Division to obtain the approval of the Board before conducting investigations or performing certain related tasks. **Section 31** of this bill requires the Board to file a complaint with the Division if it becomes aware that grounds for disciplinary action may exist as to a person practicing applied behavior analysis.

Existing law provides that persons who provide certain services that could otherwise constitute applied behavior analysis are exempt from requirements to be licensed or registered to practice applied behavior analysis if they do not provide applied behavior analysis services directly to natural persons. (NRS 437.065) **Section 10** of this bill provides that such persons are exempt from those licensure or registration requirements if they do not otherwise separately provide applied behavior analysis services directly to natural persons.

Existing law requires a behavior analyst or assistant behavior analyst to complete continuing education prescribed by the Board. (NRS 437.225) **Section 23** of this bill requires the continuing education prescribed by the Board to be consistent with nationally recognized standards for such continuing education.

Existing law requires each person desiring a license as a behavior analyst or assistant behavior analyst or registration as a registered behavior technician to undergo a criminal background check. (NRS 437.200) **Section 18** of this bill authorizes an applicant for registration as a registered behavior technician to forego the required background check if he or she submits certain verification that he or she has, within the immediately preceding 6 months, passed a criminal background check for the purpose of certification by the Behavior Analyst Certification Board, Inc., or any successor in interest to that organization.
