AN ACT relating to physicians; requiring the issuance of a provisional license by endorsement to practice allopathic or osteopathic medicine under certain circumstances; requiring the issuance of a license by endorsement to the holder of such a provisional license by endorsement under certain circumstances; requiring the Executive Director of the Board of Medical Examiners and of the State Board of Osteopathic Medicine to be a licensed allopathic or osteopathic physician, as applicable; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the licensure by endorsement of allopathic and osteopathic physicians who are licensed in a jurisdiction outside this State in certain circumstances. (NRS 630.1605-630.1607, 633.399, 633.400) **Sections 1 and 7** of this bill require, with limited exceptions, the issuance of a provisional license by endorsement to an allopathic or osteopathic physician who is licensed in another jurisdiction and sponsored by an allopathic or osteopathic physician who is licensed in this State. **Sections 1 and 7** provide that a provisional license by endorsement is valid for 6 months. **Sections 1 and 7** require the Board of Medical Examiners or the State Board of Osteopathic Medicine, as applicable, to issue a license by endorsement to the holder of a provisional license by endorsement upon its expiration under certain circumstances. Specifically, the holder must not have committed any acts that are grounds for disciplinary action during the term of the provisional license by endorsement. Additionally, the holder must have spent at

least 60 hours of the term of the provisional license by endorsement: (1) practicing in a medically underserved area or providing medical services to a medically underserved population; (2) practicing a primary care specialty in an area where there is high demand for the specialty and a shortage of physicians who practice that specialty; (3) mentoring residents in a residency program; or (4) engaging in any combination of those activities. **Sections 3-6 and 9-11** of this bill make conforming changes so that a license by endorsement issued pursuant to **section 1 or 7** is treated similarly to other types of license by endorsement.

Existing law: (1) requires the Board of Medical Examiners to appoint an Executive Director; and (2) authorizes the State Board of Osteopathic Medicine to appoint an Executive Director. (NRS 630.103, 633.271) **Sections 2 and 8** of this bill require any person so appointed to be licensed to practice allopathic or osteopathic medicine, as applicable, in this State.
