

CHAPTER.....

AN ACT relating to Oriental medicine; revising provisions governing the duties and powers of the State Board of Oriental Medicine; revising provisions governing the scope of practice and licensing of doctors of Oriental medicine; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law sets forth provisions governing the licensure and regulation of doctors of Oriental medicine. (Chapter 634A of NRS) **Section 3** of this bill provides that the practice of Oriental medicine specifically includes dry needling as well as moxibustion.

**Section 2** of this bill authorizes the State Board of Oriental Medicine to issue an endorsement to practice acupuncture point injection therapy to a doctor of Oriental medicine who meets certain requirements. **Section 14.5** of this bill eliminates the requirement in existing law that an applicant for the issuance or renewal of a license to practice Oriental medicine attest to knowledge of and compliance with certain guidelines of the Centers for Disease Control and Prevention concerning the prevention of transmission of infectious agents through safe and appropriate injection practices. (NRS 634A.144)

**Section 5** of this bill eliminates the authority of the Board in existing law to fix and pay a salary to the Secretary-Treasurer. (NRS 634A.060) **Section 6** of this bill eliminates the requirement in existing law that the Board establish and maintain a list of accredited schools and colleges of Oriental medicine. (NRS 634A.080)

Existing law authorizes the establishment and maintenance of a school or college of Oriental medicine in this State if its establishment and curriculum is approved by the Board. (NRS 634A.090) **Section 7** of this bill: (1) eliminates the requirement that the Board annually approve the curriculum; and (2) requires that the school or college be accredited by or have received at least candidacy status for accreditation from the Accreditation Commission for Acupuncture and Oriental Medicine or its successor organization and hold a current license issued by the Commission on Postsecondary Education. **Section 4** of this bill makes a conforming change.

Existing law requires an applicant for a license to practice as a doctor of Oriental medicine to: (1) pass a national examination in Oriental medicine administered by a national organization approved by the Board and a practical examination approved by the Board that tests certain subject areas; and (2) meet certain educational and other requirements. (NRS 634A.120, 634A.140) **Section 8** of this bill requires such an applicant to pass each examination required and administered by the National Certification Commission for Acupuncture and Oriental Medicine or its successor organization for certification in Oriental medicine. Additionally, **section 8** eliminates several subjects on the examination approved by the Board. For issuance of a license, **section 9** of this bill: (1) revises the educational requirements; (2) requires applicants to hold a current certification in Oriental medicine issued by the National Certification Commission for Acupuncture and Oriental Medicine or its successor organization; and (3) authorizes the counting of certain work experience in lieu of educational experience for applicants who attended a school or college of Oriental medicine before January 1, 2008.

**Sections 10 and 11** of this bill consolidate the requirements relating to the renewal of a license.
