AN ACT relating to public welfare; requiring the Director of the Department of Health and Human Services to amend the State Plan for Medicaid to provide certain additional home and community-based services; requiring the Division of Health Care Financing and Policy of the Department to provide tenancy support services to the extent authorized by federal law; and providing other matters properly relating thereto.

**Legislative Counsel’s Digest:**

Under federal law, programs for home and community-based services for elderly and disabled individuals may be established at a statewide level under certain Medicaid provisions. Federal law authorizes states to implement certain home and community-based services, such as tenancy support services, for persons who are elderly or disabled. (42 U.S.C. § 1396n(i)) Existing law grants the Director of the Department of Health and Human Services broad authority to amend the State Plan for Medicaid to seek a Medicaid waiver under various Medicaid provisions. (NRS 422.270-422.27495)

This bill requires the Director to include in the State Plan for Medicaid an option to provide certain additional home and community-based services, including, to the extent authorized, tenancy support services. This bill also requires the Division of Health Care Financing and Policy of the Department of Health and Human Services to adopt regulations to ensure the option complies with the requirements of federal law.
