

Senate Bill No. 429—Committee on
Growth and Infrastructure

CHAPTER.....

AN ACT relating to special license plates; revising provisions relating to renewal of special license plates available to holders of a license for an amateur radio station; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law provides for the issuance of special license plates to a person who holds an unrevoked and unexpired official amateur radio station license issued by the Federal Communications Commission. An applicant for renewal of such a special license plate may obtain a waiver of the \$10 fee for a renewal sticker if the holder submits to the Department of Motor Vehicles a statement, signed under penalty of perjury, that the holder will assist in communications during local, state and federal emergencies. (NRS 482.375) This bill provides that the statement required for the renewal fee waiver must also state that the applicant is the holder of an unrevoked and unexpired official amateur radio station license, and that such a statement need only be submitted to the Department once. This bill also requires a holder of such special license plates to surrender the special license plates to the Department if the holder is no longer eligible for the special license plates.
