AN ACT relating to sex offenders; revising provisions governing sex offenders who are under a program of lifetime supervision; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law sets forth certain conditions to be imposed on sex offenders placed under a program of lifetime supervision or released on parole, probation or a suspended sentence. (NRS 176A.410, 213.1243, 213.1245, 213.1255) In *McNeill v. State*, 132 Nev. Adv. Op. 54, 375 P.3d 1022 (2016), the Nevada Supreme Court held that the State Board of Parole Commissioners does not have the authority to impose conditions that are not enumerated in NRS 213.1243 on sex offenders under a program of lifetime supervision. This bill authorizes the Board to establish additional conditions for sex offenders under a program of lifetime supervision that are similar to those placed on sex offenders released on parole, probation or a suspended sentence. This bill also provides that for purposes of prosecution of a violation of a condition imposed upon such offenders: (1) the violation shall be deemed to have occurred in the county that imposed the sentence of lifetime supervision, and may only be prosecuted therein, if the violation occurred outside this State; or (2) the violation shall be deemed to have occurred in the county in which the violation occurred, and may only be prosecuted therein, if the violation occurred in this State.

THE PEOPLE OF THE STATE OF NEVADA, REPRESENTED IN  
SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

**Section 1.** NRS 213.1243 is hereby amended to read as follows:

213.1243 1. The Board shall establish by regulation a program of lifetime supervision of sex offenders to commence after any period of probation or any term of imprisonment and any period of release on parole. The program must provide for the lifetime supervision of sex offenders by parole and probation officers.

2. Lifetime supervision shall be deemed a form of parole for:

(a) The limited purposes of the applicability of the provisions of NRS 213.1076, subsection 9 of NRS 213.1095, NRS 213.1096 and subsection 2 of NRS 213.110; and

(b) The purposes of the Interstate Compact for Adult Offender Supervision ratified, enacted and entered into by the State of Nevada pursuant to NRS 213.215.

3. Except as otherwise provided in subsection 9, the Board shall require as a condition of lifetime supervision that the sex offender reside at a location only if:

(a) The residence has been approved by the parole and probation officer assigned to the person.

(b) If the residence is a facility that houses more than three persons who have been released from prison, the facility is a facility for transitional living for released offenders that is licensed pursuant to chapter 449 of NRS.

(c) The person keeps the parole and probation officer informed of his or her current address.

4. Except as otherwise provided in subsection 9, the Board shall require as a condition of lifetime supervision that the sex offender, unless approved by the parole and probation officer assigned to the sex offender and by a psychiatrist, psychologist or counselor treating the sex offender, if any, not knowingly be within 500 feet of any place, or if the place is a structure, within 500 feet of the actual structure, that is designed primarily for use by or for children, including, without limitation, a public or private school, a school bus stop, a center or facility that provides day care services, a video arcade, an amusement park, a playground, a park, an athletic field or a facility for youth sports, or a motion picture theater. The provisions of this subsection apply only to a sex offender who is a Tier 3 offender.

5. Except as otherwise provided in subsection 9, if a sex offender is convicted of a sexual offense listed in subsection 6 of NRS 213.1255 against a child under the age of 14 years, the sex offender is a Tier 3 offender and the sex offender is sentenced to

lifetime supervision, the Board shall require as a condition of lifetime supervision that the sex offender:

(a) Reside at a location only if the residence is not located within 1,000 feet of any place, or if the place is a structure, within 1,000 feet of the actual structure, that is designed primarily for use by or for children, including, without limitation, a public or private school, a school bus stop, a center or facility that provides day care services, a video arcade, an amusement park, a playground, a park, an athletic field or a facility for youth sports, or a motion picture theater.

7. Except as otherwise provided in this subsection, a person who intentionally removes or disables or attempts to remove or disable an electronic monitoring device placed on a sex offender pursuant to this section is guilty of a gross misdemeanor. The provisions of this subsection do not prohibit a person authorized by the Division from performing maintenance or repairs to an electronic monitoring device.

8.
