[Roll was called.] We have one bill for work session, Senate Bill 547 (2nd Reprint).

**Senate Bill 547 (2nd Reprint): Revises provisions relating to providers of new electric resources. (BDR 58-913)**

**Michelle L. Van Geel, Committee Policy Analyst:**

Senate Bill 547 (2nd Reprint) was heard in this Committee on May 23, 2019 and sponsored by Senators Brooks, Cannizzaro, Spearman, Cancela, and Parks, et alia. The bill revises various provisions relating to providers of energy, capacity, or ancillary services generally made available from a generation asset that is not owned by an electric utility, defined in statute as new electric resources. The measure includes, but is not limited to, provisions that:

- Establish requirements a provider of new electric resources has to meet before obtaining a license to operate from the Public Utilities Commission of Nevada;
- Revise the requirements a provider of new electric resources must satisfy to be eligible to sell energy, capacity, or ancillary services to eligible customers and revise the requirements an eligible customer must satisfy to be authorized to purchase energy, capacity, or ancillary services from a provider of new electric resources;
- Prohibit the purchase of energy from an alternative provider unless the provider is licensed as a provider of new electric resources by the Commission; and
- Require an electric utility to include in its integrated resource plan a proposal for annual limits on the energy and capacity that certain eligible customers are authorized to purchase from providers of new electric resources under certain circumstances.

There were no amendments for this measure.

**Chair Monroe-Moreno:**

I will entertain a motion to do pass Senate Bill 547 (2nd Reprint).

ASSEMBLYWOMAN NGUYEN MADE A MOTION TO DO PASS  
SENATE BILL 547 (2ND REPRINT).

ASSEMBLYMAN WATTS SECONDED THE MOTION.

Is there any discussion on the motion? [There was none.]

THE MOTION PASSED UNANIMOUSLY.
