AN ACT relating to public assistance; revising provisions relating  
to the eligibility of certain convicted persons for public  
assistance; and providing other matters properly relating  
thereto.

**Legislative Counsel's Digest:**

Existing federal law provides that a person who has been convicted of certain  
felony drug offenses is generally not eligible for benefits under the Temporary  
Assistance for Needy Families (TANF) program, which is a federal program  
pursuant to which the federal government provides grants of money to states to  
provide financial assistance to certain families, or the Supplemental Nutrition  
Assistance Program (SNAP), which is a federal program to provide assistance to  
certain families for the purchase of food. (21 U.S.C. § 862a(a)) Existing federal law  
authorizes a state to opt out of this limitation and allow a person who was convicted  
of a felony drug offense to be eligible for TANF and SNAP benefits in that state.  
(21 U.S.C. § 862a(d)(1)(A)) Similarly, existing Nevada law provides that a person  
who has been convicted of felony possession, use or distribution of a controlled  
substance is not eligible for TANF or SNAP benefits, unless the convicted person is  
participating in or has completed a program for the treatment of a substance use  
disorder approved by the Division of Welfare and Supportive Services of the  
Department of Health and Human Services and the person either: (1) demonstrates  
that he or she has not possessed, used or distributed controlled substances since he  
or she began the program; or (2) is pregnant and a physician certifies that TANF or

SNAP benefits are required to ensure the health and safety of the mother and the unborn child. (NRS 422A.345)

This bill removes the provisions that make the convicted person ineligible for TANF or SNAP benefits for felony possession, use or distribution of a controlled substance, thereby authorizing such a convicted person to receive TANF and SNAP benefits.
