AN ACT relating to governmental administration; providing for the expiration of certain professional and occupational licensing boards unless renewed by the Legislature; requiring the Sunset Subcommittee of the Legislative Commission to review such boards before their expiration and make recommendations; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law provides for the regulation of certain occupations and professions in this State by various agencies, boards and commissions in the Executive Department of the State Government, which are generally referred to as professional and occupational licensing boards. (See, e.g., Title 54 of NRS) Section 1 of this bill provides for the expiration by law of such a professional or occupational licensing board after 6 years unless the Legislature renews the board. Section 1 provides that if such a board expires, a person may engage in the profession or occupation that had been regulated by the board without a license, certificate, registration, permit or similar type of authorization issued by a professional or occupational licensing board.

Existing law requires the Sunset Subcommittee of the Legislative Commission to review at least 10 boards or commissions in this State each legislative interim to determine whether the board or commission should be terminated, modified, consolidated or continued. (NRS 232B.210-232B.250) Section 2 of this bill requires the Sunset Subcommittee to review each professional or occupational licensing board that is required to expire pursuant to section 1 during the legislative interim immediately preceding the prospective expiration of the board. Section 2 also eliminates the minimum number of reviews of other boards and commissions that the Sunset Subcommittee is required to conduct. Section 3 of this bill makes conforming changes related to the review of professional and occupational licensing boards by the Sunset Subcommittee. Section 4 of this bill requires the Sunset Subcommittee to include certain recommendations for the conclusion of

business and operation in any recommendation for nonrenewal made by the Subcommittee.

Existing law allows each statutory legislative committee and interim study committee to request a certain number of legislative measures preceding a regular session. (NRS 218D.160) **Section 5** of this bill authorizes the Sunset Subcommittee to request the drafting of as many legislative measures as are necessary to facilitate its recommendations relating to the renewal of professional and occupational licensing boards.
