

Assembly Bill No. 91—Assemblywoman Benitez-Thompson

CHAPTER.....

AN ACT relating to nursing; revising provisions relating to the membership of the State Board of Nursing; and providing other matters properly relating thereto.

Legislative Counsel's Digest:

Existing law creates the State Board of Nursing, consisting of seven members appointed by the Governor, and confers authority upon the Board to regulate and enforce the practice of nursing in this State. (NRS 632.005, 632.020, 632.030, 632.120) Under existing law, three of the seven members of the Board are required to be registered nurses. (NRS 632.030) This bill requires: (1) at least one of the members who are registered nurses to be an advanced practice registered nurse; and (2) the member representing the interests of persons or agencies that regularly provide health care to patients who are indigent, uninsured or unable to afford health care to be a registered nurse.

With certain exceptions, existing law imposes a limitation of 12 years on the terms of service of members on certain regulatory boards, including the State Board of Nursing. (NRS 622.207) This bill removes the limitation on the number of consecutive terms that a member of the State Board of Nursing may serve in existing law, and therefore such a member is only subject to the 12-year term limitation. (NRS 632.030)
